

## Installation Instructions for CD, Key-Card and download version or an update

Dear "Tactical Sailor", we look forward to welcoming you to Tactical Sailing. Your personal license key has already been sent to you together with your CD box, Key-Card or with your download version.

> **License key example:** ABCDE-VWXYZ 12345-98765-V2 (incl. Coach's Toolbox\*)

To begin you will require the license key whether you have the CD, Key-Card or the download version or update. A CD-disc drive is not necessary, because you will download the actual software from our website.

> For **Mac OS X** or **Windows** you have to read a note on options, **see the first steps before** installing the program from our website:

<https://www.tacticalsailing.com/en/downloads/first-steps> .

Please visit our website to start setup.

<https://www.tacticalsailing.com/en/downloads/program> .

**Download the actual software version** on the "Downloads / Program" page:

> "Start download here" according to Windows, Mac or Linux computer.

When requested enter the following:

> Click OK: Agreement to set up the program on your computer.

> Security Check: Note the term "Tactical\_Sailing\_en" and agree.

> Windows: Do not block components to run.

> Mac: You may be asked to install Java 6 SE runtime, click "More Info" and "download".

> Closing: Enter your license key. (Upper and lower case when entering allowed).

Program start: You now have the following options to choose from:

Start with "Play Against the Wind" and continue to "DEMO / First steps". You can also choose "Boat against Boat". The exercises in the "Coach's Toolbox" can also be selected when the program starts.

Now download some documents from our website, e.g. **Quick Reference instructions** with the functions and options, rules of the game, keyboard shortcuts and documentation for the toolbox:

<https://www.tacticalsailing.com/en/downloads/documentation/program-reference-guide>

<https://www.tacticalsailing.com/en/downloads/documentation/coachs-toolbox>

You are also welcome to register (optionally) on the website **Tactical Sailors Lounge**:

<https://www.tacticalsailing.com/en/lounge> . As a registered Tactical Sailor you also get access to downloads and updates, numerous tips on tactics, including tutorial videos. See other language versions: "**TS-Dictionary**" with 400 words in German, English, Spanish, French, Italian and Swedish.

If you have any questions, please don't hesitate to contact us. Our team will be pleased to get a feedback to the game and toolbox. Have fun, success and "always good wind"!

Your Tactical Sailing Support Team

Paul Gerbecks
